Beyond the Deal:

*The Evolution of Talent Representation
in Hollywood*

Please join us for MPTF's Professional Advisory Network's evening mixer and networking event featuring an insightful presentation with Theresa Peters, a Partner and agent at leading UTA (United Talent Agency).

Ms. Peters will discuss how the business of building and sustaining a career in film and television has transformed dramatically over the past decade. As streaming has re-shaped the industry, digital creators have emerged as a new talent pipeline and traditional career paths have evolved and the role of talent representation has expanded far beyond negotiating deals.

In this engaging conversation, Ms. Peters will share her perspective on how careers are developed today, the changing relationship between artists and the entertainment industry, and the strategies that help talent thrive in an increasingly complex and competitive landscape.
