Report of Independent Auditors

The Board of Directors
Motion Picture and Television Fund and Affiliated Entities

Report on the Audit of the Financial Statements

Opinion

We have audited the consolidated financial statements of Motion Picture and Television Fund and Affiliated Entities, which comprise the consolidated balance sheets as of December 31, 2025 and 2024, the related consolidated statements of operations, changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of Motion Picture and Television Fund and Affiliated Entities as of December 31, 2025 and 2024, and the results of its their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Motion Picture and Television Fund and Affiliated Entities and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Motion Picture and Television Fund and Affiliated Entities' ability to continue as a going concern within one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Motion Picture and Television Fund and Affiliated Entities' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Motion Picture and Television Fund and Affiliated Entities' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

1. Organization

Founded in 1921, Motion Picture and Television Fund (“MPTF”) is an integrated health and social service organization that supports eligible active and retiree members of the entertainment industry (the “Industry”) and their families in Southern California. MPTF’s operations include various community-based programs and the MPTF campus with a 122-bed multilevel care hospital offering geriatric psychiatry, skilled nursing and memory care, and a 170-unit senior living community with independent and assisted living accommodations. MPTF’s activities include providing social services, palliative care, temporary financial assistance, various wellness and education programs, and childcare in MPTF’s freestanding childcare facility.

MPTF is the sole member of The Industry Advantage, LLC, f/k/a, The Industry Health Network LLC (“TIA LLC”). TIA LLC provides health insurance services to the entertainment community.

Motion Picture and Television Fund and its affiliated entities are consolidated for financial statement presentation. All intercompany balances and transactions have been eliminated in the consolidated financial statements.

2. Summary of Significant Accounting Policies

Basis of presentation

The accompanying consolidated financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). MPTF classifies resources into two categories: without donor restrictions and with donor restrictions.

- *Without Donor Restrictions* – All revenues, expenditures, gains and losses that are not restricted by donors are included in net assets without donor restrictions. Expenditures funded by restricted contributions are also reported in the without donor restrictions net asset class because funds used in accordance with donor stipulations result in the release of such restrictions.
- *With Donor Restrictions* – Net assets with donor restrictions can only be used in accordance with stipulations imposed by the donor and include unconditional pledges and accumulated appreciation on restricted endowments. Restrictions may either expire with the passage of time, be satisfied by action of MPTF, or may require that the funds be held in perpetuity. The donors of substantially all net assets held in perpetuity permit MPTF to use the income earned on the related investments for specific purposes.

Expiration of donor-imposed restrictions – Net assets are released from donor restrictions by incurring expenses to satisfy the restricted purpose and/or by occurrence of an event specified by the donor, including passage of time. Donor restrictions on long-lived assets or cash to construct or acquire long-lived assets are considered to have expired when the assets are placed in service or expenditures exceed the amount of the gift.

MPTF has elected to present contributions with donor-imposed restrictions that are fulfilled in the same period as donated within the net assets without donor restrictions classification.

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

Cash and cash equivalents

Cash and cash equivalents include cash on hand and cash in checking and savings accounts. Marketable securities purchased with original maturities of three months or less are considered cash equivalents. At December 31, 2025 and 2024, restricted cash equivalents are comprised of funds held by trustees.

The following table provides a reconciliation of cash and cash equivalents and restricted cash equivalents reported within the accompanying consolidated statement of financial position to the accompanying consolidated statements of cash flows as of December 31, 2025 and 2024:

	<u>2025</u>	<u>2024</u>
Cash and cash equivalents	\$ 2,721,000	\$ 4,560,000
Restricted cash and cash equivalents, included in assets limited as to use	<u>697,000</u>	<u>697,000</u>
Cash and cash equivalents and restricted cash and cash equivalents as reported in statements of cash flows	<u>\$ 3,418,000</u>	<u>\$ 5,257,000</u>

Accounts receivable and allowance for credit losses

MPTF adopted Financial Accounting Standards Update (FASB) Accounting Standards Update (ASU) 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, effective January 1, 2024, which introduced an expected credit loss methodology for the measurement and recognition of credit losses on most financial assets, including accounts receivable. The adoption of the CECL standard resulted in a change in MPTF’s accounting policy for credit losses, as it requires a forward-looking approach to estimate expected credit losses, rather than the previous, incurred losses model. MPTF has implemented the CECL standard using a modified retrospective approach, which requires the cumulative effect of the change in accounting policy to be recognized as an adjustment to the opening balance of MPTF’s net assets as of the date of adoption. The adoption of the CECL standard did not have a material impact on MPTF’s balance sheet, results of operations, or cash flows.

Assets limited as to use

Assets limited as to use include amounts held by trustee in accordance with indenture requirements for payments related to long-term debt are classified as noncurrent assets. At December 31, 2025 and 2024, assets limited to use consisted of cash and cash equivalents.

Investments

Investments consist of money market funds, mutual funds (including fixed income and equity funds), equities, U.S. government notes, and other holdings comprised of non-publicly traded investments (alternative investments). Investments are classified as noncurrent as investments are not expected to be used for current operations in the next year. Marketable securities and alternative investments are valued in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. Investment earnings (including gains and losses on investments, interest, and dividends) are included in operating revenue unless the income or loss is restricted by donor or law. MPTF records its investment income, realized and unrealized gains and losses on investments of donor restricted funds as additions to or deductions from the appropriate net asset category based on the donor’s restriction.

Land, buildings and equipment

Land, buildings, and equipment are stated at cost except for donated assets, which are recorded at fair market value at the date of donation. Depreciation is calculated on the straight-line basis over

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

each asset's estimated useful life, which ranges from 5 to 40 years for building and improvements or 3 to 20 years for furniture and equipment; land improvements are estimated to have a useful life of 10 years. Estimated useful lives are assigned based on the Estimated Useful Lives of Depreciable Hospital Assets guide published by the American Hospital Association. In addition, MPTF records a liability for the fair value of any conditional asset retirement obligation, if determinable.

Significant replacements and improvements are capitalized, while maintenance and repairs, which do not improve or extend the life of the respective asset, are charged to expense as incurred. Upon sale or disposal of land, buildings and equipment, the cost and accumulated depreciation are removed from the respective accounts, and any gain or loss is included in the consolidated statements of operations and changes in net assets. MPTF capitalizes all expenditures for land, buildings, and equipment in excess of \$1,000.

Pledges receivable

Unconditional promises to give (pledges) are recorded as receivables and contribution revenue and require MPTF to distinguish between contributions received for each net asset category in accordance with donors' wishes. Multi-year pledges are recorded at fair value on the date of donation. Contributions to be received after one year or more are discounted at an appropriate discount rate commensurate with the risks involved and applicable to the years in which the pledges are received and recorded in their respective net asset category. Amortization of the discount is calculated using the effective interest method and included in contribution revenue in the consolidated statements of operations and changes in net assets. Conditional promises to give are not included as support until the conditions have been substantially met and any estimated allowances for credit losses have been recorded.

Split-interest agreements

Split interest gift agreements consist primarily of irrevocable charitable gift annuities. Using the actuarial method, when a gift is received, the present value of estimated future payments to be made to the beneficiaries is recorded as a liability, based upon life expectancy tables and appropriate discount rates. The remainder is recorded as contribution revenue in the appropriate net asset category.

The actuarial liability is based on the present value of future payments discounted at rates ranging from 2.9% to 5.6% over estimated time periods derived from the Internal Revenue Service (IRS) actuarial tables on life expectancy. Liabilities are adjusted during the term of the agreements for changes in the fair value of the assets, accretion of discounts, and other changes in the estimates of future benefits. Valuation follows generally accepted actuarial methods and is based on the requirements of ASC 958. Assets held under split-interest agreements are stated at fair market value and are invested in publicly traded securities.

Lease accounting

MPTF accounts for leases in accordance with FASB Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)* (ASC 842). MPTF determines if a contract is a lease or contains a lease at the inception of the contract and reassesses that conclusion if the contract is modified. All leases are assessed for classification as an operating lease or a finance lease. Right-of-use (ROU) assets represent MPTF's right to use an underlying asset for the lease term, and lease liabilities represent its obligation to make lease payments arising from the lease. MPTF does not obtain its right to use and control the asset until the lease commencement date.

MPTF's lease liabilities are recognized at the applicable lease commencement date based on the present value of the lease payments required to be paid over the lease term. As MPTF's leases do not provide an implicit rate, MPTF uses its risk-free rate to discount the lease commencement date.

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

The ROU asset equals the carrying amount of the related lease liability, adjusted for any lease payments made prior to lease commencement and lease incentives provided by the lessor. Variable lease payments are expensed as incurred and do not factor into the measurement of the applicable ROU asset or lease liability.

The terms of MPTF's leases equal the non-cancellable period of the lease, including any rent-free periods provided by the lessors, and include options to renew or extend the lease (including by not terminating the lease) that MPTF is reasonably certain to exercise. MPTF establishes the term of each lease at lease commencement and reassesses that term in subsequent periods when one of the triggering events outlined in ASC 842 occurs. Operating lease costs for lease payments is recognized on a straight-line basis over the lease term.

Debt issuance costs

Costs incurred in the issuance of long-term debt, including legal fees, bank fees, and accounting and consulting costs, are amortized on the straight-line basis over the term of the related long-term debt. The straight-line method approximates the effective interest method. Unamortized debt issuance costs are presented as a reduction to long-term debt in accordance with ASU No. 2015-03, *Interest—Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs*. Unamortized debt issuance costs totaling \$141,000 and \$168,000 at December 31, 2025 and 2024, respectively, are included as a reduction of long-term debt in the consolidated balance sheets.

Excess (deficiency) of revenues, gains, and other support over expenses

The consolidated statements of operations and changes in net assets include the caption excess (deficiency) of revenues, gains, and other support over expenses (operating indicator). Consistent with industry practice, changes in net assets without donor restrictions which are excluded from the operating indicator include contributions of long-lived assets (including assets acquired using contributions that, by donor restriction, were to be used for the purpose of acquiring such assets), changes in split-interest agreements, and minimum pension liability adjustments.

Revenue recognition

Patient service and resident revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and are adjusted in future periods as final settlements are determined.

Notes to Consolidated Financial Statements
December 31, 2025 and 2024

The following table shows patient service and resident revenue by line of service:

	Year Ended December 31,	
	2025	2024
Long-term care services		
Medi-Cal	\$ 21,950,000	\$ 21,096,000
Private	725,000	1,310,000
Other	1,004,000	833,000
Acute inpatient services		
Medicare	1,591,000	918,000
Kaiser Permanente Health Plan	2,840,000	3,365,000
Other	592,000	406,000
Residential services		
Private	<u>8,505,000</u>	<u>7,485,000</u>
Total	<u>\$ 37,207,000</u>	<u>\$ 35,413,000</u>

Beginning and ending contract balances were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>	<u>January 1, 2024</u>
Patient accounts receivable	\$ 2,530,000	\$ 2,398,000	\$ 3,404,000

Bequests and trusts

Amounts to be received from bequests and trusts are recorded at the time MPTF becomes entitled to the assets and the amounts to be received are assured and reasonably determined. Amounts to be received are recorded as other receivables on the consolidated balance sheets.

At December 31, 2025 and 2024, MPTF has been named as a beneficiary in certain bequests and trusts which have not been recorded as they do not meet all the criteria for income recognition.

Charity care and community benefit

MPTF provides charity care for certain non-elective healthcare services to qualifying individuals who complete an application, which is based on federal poverty guidelines. MPTF also provides various community services including retirement housing and assisted living services, as well as various social service and community welfare programs and direct emergency financial assistance to eligible Industry employees, retirees and their immediate families.

Professional and general liability

MPTF has a claims-made policy for all professional and general liability coverage, with nominal deductibles, that was purchased on January 1, 2003. Liabilities for MPTF's retained risk related to the professional and general liability coverage are determined by an actuary. The amounts representing the current portion of the professional and general liability and insurance recoveries receivable are \$408,000 and \$385,000 in both other current assets and accrued liabilities at December 31, 2025 and 2024, respectively. The amounts representing the long-term components of the professional and general liability are \$3,725,000 and \$3,521,000 in insurance recoveries receivable and \$4,087,000 and \$3,868,000 in insurance claims liability approximating a net liability of \$362,000 and \$347,000 at December 31, 2025 and 2024, respectively.

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

Workers' compensation insurance

MPTF maintains a workers' compensation insurance policy which became effective in November 2020 and renews on July 1, 2026. The policy covers MPTF's employees and has a \$250,000 per occurrence deductible and \$2,750,000 annual aggregate. During the period of November 2012 through November 2020, MPTF maintained a workers' compensation insurance policy with a \$250,000 per occurrence deductible and an annual aggregate of \$3,000,000. Liabilities for MPTF's retained risk related to the coverage are determined by an actuary. The amounts representing the current portion of the workers' compensation liability are \$351,000 and \$268,000 in other receivables and \$1,620,000 and \$1,367,000 in accrued liabilities at December 31, 2025 and 2024, respectively. The amounts representing the long-term components of the workers' compensation liability are \$1,407,000 and \$1,107,000 in insurance recoveries receivable and \$6,490,000 and \$5,653,000 in insurance claims liability approximating a net liability of \$6,352,000 and \$5,645,000 at December 31, 2025 and 2024, respectively.

MPTF allocated \$3,276,000 and \$3,152,000 of its bank deposits for workers' compensation insurance trusts at December 31, 2025 and 2024, respectively. All deposited amounts are included in investments in the consolidated balance sheets.

Income taxes

MPTF is a nonprofit organization determined by the IRS and the California Franchise Tax Board to be exempt from federal and state income taxes, except to the extent of any unrelated business income. Certain of the affiliated entities included in the consolidated financial statements are subject to federal and state income taxes.

Concentration of credit risk

Financial instruments, which potentially subject MPTF to credit risk, consist principally of temporary cash investments, receivables and investments in marketable equity and other securities.

MPTF invests its excess cash in deposits with major financial institutions. MPTF has not experienced any losses on its temporary cash investments. Financial instruments that potentially expose MPTF to concentrations of credit risk consist principally of cash and cash equivalents on deposit in accounts with financial institutions, the balances of which frequently exceed federally insured limits. If any of the financial institutions with whom MPTF does business were to be placed into receivership, MPTF may be unable to access the cash it has on deposit with such institutions. If MPTF is unable to access its cash and cash equivalents as needed, its financial position and ability to operate our business could be adversely affected.

MPTF receives payment for services rendered to patients from the federal and state governments under the Medicare and Medi-Cal programs and from other payors. The following table summarizes the percentages of gross patient accounts receivable from all payors:

	December 31,	
	2025	2024
Medi-Cal	62 %	66 %
Medicare	18 %	20 %
Kaiser	9 %	7 %
Others	11 %	7 %
	<u>100 %</u>	<u>100 %</u>

MPTF believes there is no significant credit risk associated with patient receivables from government programs. MPTF continually monitors and adjusts the reserves associated with patient

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

receivables. MPTF estimates bad debt expense and the allowance for credit losses based on historical collection experience.

Use of estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair value measurements

MPTF applies the provisions of ASC 820, *Fair Value Measurements*, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the respective measurement date. The assets reported at fair value by MPTF on a recurring basis include investments and assets held under split-interest agreements. At December 31, 2025 and 2024, MPTF's financial instruments included accounts receivable, accounts payable, and other liabilities. The fair values of these financial instruments approximate their carrying values due to their short-term maturities.

The following describes the hierarchy of inputs and the primary valuation methodologies used by MPTF for financial instruments measured at fair value on a recurring basis. The three level inputs are as follows:

- *Level 1* – Quoted prices in active markets for identical assets or liabilities.
- *Level 2* – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities.
- *Level 3* – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Significant increases or decreases in these inputs in isolation may result in a significantly lower or higher fair value measurement, respectively.

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques:

- *Market approach* – Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- *Cost approach* – Amount that would be required to replace the service capacity of an asset (i.e., replacement cost); and
- *Income approach* – Techniques to convert future amounts to a single present value amount based on market expectations (including present value techniques, option-pricing models and lattice models).

The valuation techniques above may be used for assets and liabilities measured using Level 3 inputs and may use unobservable inputs such as projections, estimates and management's

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

interpretation of current market data. These unobservable inputs are only utilized to the extent that observable inputs are not available, or not cost-effective to obtain.

MPTF applies the authoritative guidance contained in ASC 820-10, *Fair Value Measurements and Disclosures*, for estimating the fair value of investment funds that have calculated net asset value (NAV) per share in accordance with ASC 946-10, *Financial Services-Investment Companies* (formerly the American Institute of Certified Public Accountants Audit and Accounting Guide, Investment Companies). According to the guidance, in circumstances in which NAV per share of an investment is not determinative of fair value, a reporting entity is permitted to estimate the fair value of an investment in an investment fund using the NAV per share of the investment (or its equivalent) without further adjustment if the NAV per share of the investment is determined in accordance with ASC 946-10 as of the reporting entity's measurement date. Accordingly, MPTF uses NAV, as reported by money managers, as a practical expedient to determine the fair value of investments in investment funds that (a) do not have a readily determinable fair value and (b) either have the attributes of an investment fund or prepare their financial statements consistently with the measurement principles of an investment fund.

The following is a description of the valuation methodologies used for assets and liabilities measured at fair value on a recurring basis:

- *Money market funds* – Valued at the closing price reported on the active market on which the individual securities are traded at the measurement date.
- *Mutual funds* – Mutual funds classified as Level 1 under the fair value hierarchy are valued using the unadjusted quoted prices in active markets that are available at the measurement date. The composition of MPTF's investments in mutual funds at December 31, 2025 and 2024 was approximately 48% and 66% fixed income, 39% and 18% equity securities, and 13% and 16% U.S. notes, respectively. Investments in mutual funds consist primarily of large capitalization securities and are diversified among several industries; issuers; and growth, value, indexed, bond, and international funds.
- *Equities* – Equities include stocks and exchange-traded funds. Exchange-traded funds in this category are comprised primarily of underlying stocks and other ownership interests in companies. Valuation is based on unadjusted quoted prices for identical assets in active markets that MPTF can access at the measurement date.
- *U.S. government notes* – Valuation is based on unadjusted quoted prices for identical assets in active markets that MPTF can access at the measurement date. MPTF considers all U.S. government notes to be based on Level 1 fair value measurements.

- *Alternative investments* – These investments are valued at the NAV of the investments.

The following methods were used to estimate the fair value of all other financial instruments:

- *Cash and cash equivalents* – The carrying amount approximates fair value.
- *Long-term debt* – The carrying value of MPTF's long-term debt approximates fair value due to the variable nature of the interest rates.

Subsequent events

Subsequent events are events or transactions that occur after the consolidated balance sheet date but before consolidated financial statements are issued. MPTF recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

conditions that existed at the date of the consolidated balance sheet, including the estimates inherent in the process of preparing the consolidated financial statements. MPTF's consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated balance sheet but arose after the consolidated balance sheet date and before the consolidated financial statements are issued. MPTF has evaluated subsequent events through May 1, 2026, which is the date the consolidated financial statements were issued.

3. Investments

The following is a summary of investments at fair value at December 31:

	<u>2025</u>	<u>2024</u>
Money market funds	\$ 6,537,000	\$ 3,877,000
Mutual funds	28,427,000	28,138,000
Equities	1,433,000	538,000
U.S. government notes/municipal bonds	4,375,000	5,544,000
Alternative investments	<u>17,667,000</u>	<u>17,513,000</u>
Total investments	<u>\$ 58,439,000</u>	<u>\$ 55,610,000</u>

Investment returns on investments consist of the following for the years ended December 31:

	<u>2025</u>	<u>2024</u>
Investment income	\$ 2,240,000	\$ 2,516,000
Realized gain on investments	653,000	58,000
Unrealized gain on investments	<u>2,625,000</u>	<u>1,433,000</u>
	<u>\$ 5,518,000</u>	<u>\$ 4,007,000</u>

Management fees paid were \$130,000 and \$113,000 for the years ended December 31, 2025 and 2024, respectively, and are net against investment income on the consolidated statements of operations and changes in net assets.

December 31, 2025 and 2024

4. Fair Value Measurements

The tables below present the assets and liabilities measured at fair value on a recurring basis at December 31, categorized by the level of inputs used in the valuation:

	2025			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Assets				
Assets included in investments				
Money market funds	\$ 6,537,000	\$ -	\$ -	\$ 6,537,000
Mutual funds - domestic fixed-income	28,427,000	-	-	28,427,000
Equities	1,433,000	-	-	1,433,000
U.S. government notes	4,375,000	-	-	4,375,000
Total assets included in investments at fair value	<u>\$ 40,772,000</u>	<u>\$ -</u>	<u>\$ -</u>	40,772,000
Investments measured at NAV (practical expedient)				<u>17,667,000</u>
Investments at fair value				<u>\$ 58,439,000</u>

	2024			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Assets				
Assets included in investments				
Money market funds	\$ 3,877,000	\$ -	\$ -	\$ 3,877,000
Mutual funds - domestic fixed-income	28,138,000	-	-	28,138,000
Equities	538,000	-	-	538,000
U.S. government notes	5,544,000	-	-	5,544,000
Total assets included in investments at fair value	<u>\$ 38,097,000</u>	<u>\$ -</u>	<u>\$ -</u>	38,097,000
Investments measured at NAV (practical expedient)				<u>17,513,000</u>
Investments at fair value				<u>\$ 55,610,000</u>

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

MPTF's policy is to recognize the transfer into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer. There were no transfers between Levels 1, 2, or 3 during the year ended December 31, 2025 and 2024.

The following table shows the fair value and redemption restrictions for investments valued at NAV at December 31:

2025				
	Fair Value	Redemption Frequency	Redemption Notice Period	Strategies and Other Restrictions
Limited partnerships				
Hedge funds	\$ 4,328,000	monthly	10 business days	(1)
Hedge funds	3,025,000	quarterly	65 calendar days	(1)
Hedge funds	4,774,000	quarterly	60 calendar days	(1)
Hedge funds	778,000	closed end	closed end	(1)
Hedge funds	934,000	quarterly	30 calendar days	(1)
Hedge funds	3,828,000	monthly	10 business days	(1)
Totals	<u>\$ 17,667,000</u>			
2024				
	Fair Value	Redemption Frequency	Redemption Notice Period	Strategies and Other Restrictions
Limited partnerships				
Hedge funds	\$ 3,930,000	monthly	10 business days	(1)
Hedge funds	3,927,000	quarterly	65 calendar days	(1)
Hedge funds	3,860,000	quarterly	60 calendar days	(1)
Hedge funds	699,000	closed end	closed end	(1)
Hedge funds	1,400,000	quarterly	30 calendar days	(1)
Hedge funds	3,697,000	monthly	10 business days	(1)
Totals	<u>\$ 17,513,000</u>			

- (1) Limited partnerships are invested with managers whose investment strategies include, but are not limited to, absolute return, capital appreciation with low volatility relative to equity markets, global fixed income and equity, currencies, electronic transfer funds, futures, forwards, options, swaps, asset and security mispricings capture, commodities and other derivatives.

5. Government Reimbursement Programs

MPTF has contractual agreements with government sponsored programs, Medicare and Medi-Cal. Some revenues received under these reimbursement agreements are subject to retroactive adjustment based upon cost reports prepared by MPTF and subsequent audits by fiscal intermediaries for these programs.

Acute inpatient services are reimbursed by Medicare under the prospective payment system, which provides for payment at predetermined amounts based on the discharge diagnosis. Medicare reimburses for covered outpatient services rendered to its beneficiaries by way of an outpatient prospective payment system based on ambulatory payment classifications. The difference between customary charges and actual third-party payments is accounted for as a contractual allowance (i.e., explicit price concession), which is a deduction from patient service and resident revenue.

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

Long-term care services are reimbursed by Medi-Cal on a per-diem basis. MPTF is licensed as a Distinct-Part Long-Term Care Facility for provision of these services.

Medicare cost reports have been finalized through December 31, 2023. Medi-Cal cost reports have been finalized through December 31, 2023. Reserves, where applicable, have been accrued for all years subject to adjustment. Laws and regulations governing the Medicare and Medi-Cal programs are extremely complex and subject to interpretation. As a result, there is a risk that recorded estimates will change in the near term. In the opinion of management, subsequent settlement adjustments, if any, would not have a materially adverse effect on MPTF's consolidated financial position.

6. Assets Limited as to Use

Assets limited as to use include funds in a debt service reserve account pledged to the debt holders to secure payment of the Bonds, as described in Note 11. Assets limited as to use that are available for the payment of principal and interest payments on long-term debt are classified as noncurrent assets and have a balance of approximately \$697,000 at December 31, 2025 and 2024, respectively. Assets limited as to use consisted of cash and cash equivalents.

7. Pledges Receivable

Unconditional promises to give are included in the consolidated financial statements as pledges receivable and contribution revenue in the appropriate net asset category. Pledges are recorded at the discounted net present value of the future cash flows, using discount rates ranging from 3.2% to 9.9% at December 31, 2025 and 2024.

Unconditional promises to give are expected to be realized in the following periods:

	<u>2025</u>	<u>2024</u>
In one year or less	\$ 7,406,000	\$ 6,883,000
Between one year and five years	19,994,000	22,898,000
Five years and more	<u>11,200,000</u>	<u>13,000,000</u>
Total pledges receivable, gross	38,600,000	42,781,000
Less discount for pledges receivable	(10,568,000)	(11,993,000)
Total pledges receivable, net	28,032,000	30,788,000
Less current portion	<u>(7,406,000)</u>	<u>(6,883,000)</u>
Pledges receivable, net of current portion	<u>\$ 20,626,000</u>	<u>\$ 23,905,000</u>

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

Pledges receivable at December 31 have the following restrictions:

	<u>2025</u>	<u>2024</u>
Program expenses	\$ 13,430,000	\$ 11,973,000
Building construction	1,000,000	3,025,000
Permanent endowment - other program support	1,500,000	2,000,000
Time restricted/general benefit	<u>22,670,000</u>	<u>25,783,000</u>
Total pledges receivable, gross	<u>\$ 38,600,000</u>	<u>\$ 42,781,000</u>

8. Note Receivable

In December 2023, MPTF sold an undeveloped land parcel and recognized a gain from the sale of approximately \$25,779,000 which was recorded on the consolidated statement of operations for the year ended December 31, 2023. As consideration, MPTF received total cash proceeds of approximately \$20,779,000 at the time of sale and a \$5,000,000 note receivable maturing on December 15, 2030. The note accrues interest on a non-compounding basis at a rate of 3% per annum. The amounts representing accrued interest in the note receivable balances are \$150,000 at December 31, 2025 and 2024, respectively. Principal and interest are due upon maturity. The note is nonrecourse, guaranteed by the buyer, and subordinated to any other debt that the buyer may incur to develop the property. MPTF evaluated the credit worthiness of the buyer and determined that the note is fully collectible. No reserves were recorded at December 31, 2025 or 2024.

9. Land, Buildings and Equipment

A summary of land, buildings, and equipment at December 31 is as follows:

	<u>2025</u>	<u>2024</u>
Buildings and improvements	\$ 80,168,000	\$ 80,091,000
Furniture and equipment	33,596,000	36,070,000
Land and improvements	13,924,000	13,898,000
Construction-in-progress	<u>457,000</u>	<u>431,000</u>
	128,145,000	130,490,000
Less: accumulated depreciation	<u>(114,293,000)</u>	<u>(115,021,000)</u>
Land, buildings and equipment	<u>\$ 13,852,000</u>	<u>\$ 15,469,000</u>

Total depreciation expense was \$2,303,000 and \$2,446,000 for the years ended December 31, 2025 and 2024, respectively.

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

10. Operating Leases

MPTF has operating leases for corporate offices with lease terms of two to four years. Certain operating leases contain options to extend the lease. As MPTF is not reasonably certain to exercise these options, they are not included in the lease terms of the operating leases.

The components of lease costs during the years ended December 31, 2025 and 2024 are as follows:

	<u>2025</u>	<u>2024</u>
Operating lease minimum rent payments	\$ 260,000	\$ 261,000
Total lease cost	<u>\$ 260,000</u>	<u>\$ 261,000</u>

Other information related to leases as of and for the years ended December 31, 2025 and 2024 is as follows:

	<u>2025</u>	<u>2024</u>
Cash paid for amounts included in the measurement of lease liabilities-operating cash flows from operating leases	\$ 260,000	\$ 264,000
Weighted-average remaining lease terms (in years)	1.52	1.69
Weighted-average discount rate	2.87%	1.58%

To calculate the ROU assets and lease liabilities, MPTF uses the discount rate implicit in lease agreements when available. When the implicit discount rates are not readily determinable, MPTF has elected to use the risk-free rate for all assets classes.

Future maturities of lease liabilities at December 31, 2025 are as follows:

Year Ending December 31,	
2026	\$ 229,000
2027	89,000
2028	<u>15,000</u>
Total	333,000
Less amount representing interest	(10,000)
Less lease liabilities, current	<u>(221,000)</u>
Operating lease liabilities, net of current portion	<u>\$ 102,000</u>

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

11. Long-Term Debt

A summary of long-term debt at December 31 follows:

	<u>2025</u>	<u>2024</u>
Series 2017A Variable Rate Revenue Bonds	\$ 5,425,000	\$ 6,215,000
Unamortized debt issuance costs	<u>(141,000)</u>	<u>(168,000)</u>
Long-term debt, including current portion	5,284,000	6,047,000
Current portion of long-term debt	<u>(820,000)</u>	<u>(790,000)</u>
Long-term debt, net of current portion	<u>\$ 4,464,000</u>	<u>\$ 5,257,000</u>

On December 28, 2017, the California Statewide Communities Development Authority (CSCDA) issued, on behalf of MPTF, its Series 2017A Variable Rate Revenue Bonds (the 2017 Bonds) in the aggregate principal amount of \$19,805,000. The 2017 Bonds were purchased by Northern Trust Company (the Purchaser) and MPTF, and the Purchaser entered into a Continuing Covenant Agreement (the CCA). The 2017 Bonds, issued pursuant to a Bond Indenture dated as of December 1, 2017 (the Indenture), were issued for the purpose of retiring the 2001 Bonds and to pay certain costs of issuance related to the 2017 Bonds.

The Indenture required the mandatory tender and remarketing of the 2017 Bonds on December 28, 2022, the date of expiration of the then-current London Interbank Offered Rate (LIBOR) index rate period, unless the Purchaser agreed to a new index rate period. On December 28, 2022, MPTF and the Purchaser agreed to a new index rate period expiring on December 28, 2025. Pursuant to this agreement, the Indenture and CCA were amended to provide for certain terms and conditions including an index rate based on the secured overnight financing rate (SOFR), the establishment and funding of a debt service reserve account, an account pledged to the Purchaser to secure payment of the Bonds, and MPTF's redemption of a portion of the Bonds then outstanding and changes to certain restrictive financial covenants. The redemption payment of \$6,965,000 was made by MPTF in December 2022. On December 28, 2025, MPTF elected to convert the term SOFR index rate period to a new term SOFR index rate period expiring December 28, 2027.

The 2017 Bonds bear interest at variable rates (3.2577% as of December 28, 2025), which are reset and payable monthly in arrears. Principal on the 2017 Bonds is payable March 1 of each year. Principal payment amounts range from \$775,000 to \$990,000, with final payment due in 2031.

The 2017 Bonds may be redeemed early at the request of MPTF through the CSCDA in whole or part, on any interest payment date. Payment of principal and interest on the 2017 Bonds is collateralized by a pledge against the gross revenue of MPTF.

The 2017 Bonds are subject to certain restrictive covenants requiring certain quarterly and annual financial information, both unaudited and audited, and compliance with liquidity and debt service coverage requirements.

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

The amounts due on the 2017 Bonds at December 31, 2025 are as follows:

Year Ending December 31,	
2026	\$ 820,000
2027	850,000
2028	885,000
2029	920,000
2030	960,000
Thereafter	990,000
Total long-term debt	<u>\$ 5,425,000</u>

12. Net Assets with Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes or periods at December 31:

	<u>2025</u>	<u>2024</u>
Subject to expenditure for specified purpose:		
Buildings and equipment	\$ 702,000	\$ 1,247,000
Patient and resident support	554,000	284,000
Emergency financial assistance	2,489,000	1,319,000
Other program support	922,000	926,000
	<u>4,667,000</u>	<u>3,776,000</u>
Subject to the passage of time:	<u>28,032,000</u>	<u>30,788,000</u>
Subject to endowment spending policy and appropriation:		
Patient and resident support	8,679,000	8,566,000
Grounds maintenance	4,833,000	4,767,000
Other program support	13,048,000	19,889,000
	<u>26,560,000</u>	<u>33,222,000</u>
Total net assets with donor restrictions	<u>\$ 59,259,000</u>	<u>\$ 67,786,000</u>

Net assets released from restrictions by incurring expenses satisfying the restricted purpose or by the passage of time comprise the following at December 31:

	<u>2025</u>	<u>2024</u>
Buildings and equipment	\$ 549,000	\$ 123,000
Emergency Financial Assistance	1,804,000	1,754,000
Other program support	17,314,000	5,665,000
Total releases from restriction	<u>\$ 19,667,000</u>	<u>\$ 7,542,000</u>

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

During the year ended December 31, 2025, a donor-restricted endowment fund with an original corpus of \$9,917,000 was authorized by donors for the release to unrestricted and available for general operations, with the exception of \$250,000 that was classified in net assets with restrictions. The amount is reported in the net assets released from restrictions used in operations in the consolidated statement of operations.

13. Endowments

As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based on the presence or absence of donor-imposed restrictions. MPTF's 18 endowments are donor-restricted and established for a variety of purposes. MPTF did not have any Board of Directors (Board)-designated endowments at December 31, 2025 or 2024.

MPTF classifies as net assets with donor restrictions: (a) the portion of a gift explicitly stipulated to be retained permanently in the subject gift instrument, or (b) in the absence of such stipulation, the fair value of an endowment gift as of the gift date. Investment income relating to an endowment gift, including interest, dividends and realized net gains, is temporarily classified as net assets with donor restrictions until such amounts are appropriated for expenditure, unless otherwise explicitly stipulated in the gift instrument.

Changes in endowment net assets with donor restrictions for the years ended December 31 had the following activity:

	<u>2025</u>	<u>2024</u>
Endowment net assets, beginning of year	\$ 35,063,000	\$ 31,997,000
Investment income	1,248,000	1,362,000
Net realized and unrealized appreciation	<u>1,508,000</u>	<u>562,000</u>
Total investment return	<u>2,756,000</u>	<u>1,924,000</u>
Contributions	2,078,000	2,342,000
Changes in donor restrictions - endowment releases	(9,917,000)	-
Appropriation of endowment net assets for expenditure	<u>(2,000,000)</u>	<u>(1,200,000)</u>
Endowment net assets, end of year	<u>\$ 27,980,000</u>	<u>\$ 35,063,000</u>

From time to time, the fair value of endowment funds associated with individual donor-restricted endowment funds may fall below the level that the donor requires MPTF to retain as a fund of perpetual duration, referred to as underwater endowments. When deficiencies of this nature exist, they are reported in net assets without donor restrictions. No such deficiencies existed at December 31, 2025 and 2024.

MPTF has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments. Endowment assets include those assets of donor-restricted funds that MPTF must hold in perpetuity or for donor-specified periods. Under the investment policy, as approved by the Board, the endowment assets are invested primarily in fixed income and alternative investments, which are intended to produce results that exceed a policy index that consists of a 60% allocation to the Intercontinental Exchange BofA US Corporate, Government & Mortgage Index; a 30% allocation to the HFRI Fund Weighted Composite Index; and a 10% allocation to the Bloomberg US Corporate High Yield Index. To

Motion Picture and Television Fund and Affiliated Entities

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

satisfy its long-term rate-of-return objectives, MPTF relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and income (from interest and dividends), while seeking to minimize the risk of principal loss.

MPTF's Board has established a spending policy whereby expenditures shall not exceed 7% of the endowment fund's fair market value in any year.

14. Functional Expenses

Expenses incurred comprise the following program and support services for the years ended December 31:

	2025							2025 Total
	Program Services			Program Subtotal	Support Services		Support Subtotal	
	Inpatient	Residential	Other		Management and General	Fundraising		
Salaries, wages and benefits	\$ 24,539,000	\$ 13,731,000	\$ 4,314,000	\$ 42,584,000	\$ 5,963,000	\$ 1,429,000	\$ 7,392,000	\$ 49,976,000
Purchased services	3,663,000	4,860,000	1,068,000	9,591,000	1,672,000	4,570,000	6,242,000	15,833,000
Professional fees	3,550,000	1,478,000	330,000	5,358,000	346,000	1,235,000	1,581,000	6,939,000
Supplies	1,488,000	484,000	58,000	2,030,000	66,000	62,000	128,000	2,158,000
Depreciation	1,077,000	474,000	540,000	2,091,000	133,000	79,000	212,000	2,303,000
Other	783,000	211,000	4,101,000	5,095,000	95,000	101,000	196,000	5,291,000
Total expenses	\$ 35,100,000	\$ 21,238,000	\$ 10,411,000	\$ 66,749,000	\$ 8,275,000	\$ 7,476,000	\$ 15,751,000	\$ 82,500,000

	2024							2024 Total
	Program Services			Program Subtotal	Support Services		Support Subtotal	
	Inpatient	Residential	Other		Management and General	Fundraising		
Salaries, wages and benefits	\$ 23,940,000	\$ 13,537,000	\$ 4,805,000	\$ 42,282,000	\$ 5,733,000	\$ 1,648,000	\$ 7,381,000	\$ 49,663,000
Purchased services	3,406,000	4,798,000	959,000	9,163,000	1,508,000	5,072,000	6,580,000	15,743,000
Professional fees	3,258,000	927,000	398,000	4,583,000	433,000	547,000	980,000	5,563,000
Supplies	1,639,000	459,000	35,000	2,133,000	95,000	161,000	256,000	2,389,000
Depreciation	1,153,000	476,000	588,000	2,217,000	145,000	84,000	229,000	2,446,000
Other	733,000	250,000	2,681,000	3,664,000	133,000	(18,000)	115,000	3,779,000
Total expenses	\$ 34,129,000	\$ 20,447,000	\$ 9,466,000	\$ 64,042,000	\$ 8,047,000	\$ 7,494,000	\$ 15,541,000	\$ 79,583,000

Expenses are summarized and categorized based upon their functional classification as either program or support services. Specific expenses readily identifiable to a single program or activity are charged directly to that function. Certain categories of expenses attributable to more than one program or support service require allocation on a reasonable, consistently applied basis. Allocated expenses include salaries, wages and benefits; dietary; plant maintenance; and housekeeping, which are allocated based on estimates of time and effort and depreciation expense, which is allocated based on usage of the underlying assets. Management and general expenses are support services that are not directly identifiable with any specific program service function but provide for the overall support and direction of MPTF.

Notes to Consolidated Financial Statements
December 31, 2025 and 2024

15. Pension Plan

MPTF sponsors a defined benefit pension plan (the Plan) that was frozen for represented and nonrepresented employees on February 28, 2014 and July 1, 2011, respectively. Benefits are based on an employee's service with MPTF and highest five years of earnings. MPTF's policy is to fund pension costs at a level at least as great as the required minimum contribution under the Employee Retirement Income Security Act (ERISA).

The following table sets forth the Plan's funded status and amounts recognized, shown in MPTF's consolidated financial statements, as of and at December 31:

	<u>2025</u>	<u>2024</u>
Change in benefit obligation		
Projected benefit obligation at beginning of year	\$ 57,575,000	\$ 62,630,000
Service cost	953,000	981,000
Interest cost	2,989,000	2,842,000
Benefits paid	(5,092,000)	(5,043,000)
Actuarial loss/(gain)	<u>1,180,000</u>	<u>(3,835,000)</u>
Projected benefit obligation at end of year	<u>57,605,000</u>	<u>57,575,000</u>
Change in plan assets		
Fair value of plan assets at beginning of year	46,944,000	47,344,000
Actual return on Plan assets	5,498,000	4,643,000
Employer contributions	2,940,000	-
Benefits paid	(4,355,000)	(4,119,000)
Administrative expenses	<u>(737,000)</u>	<u>(924,000)</u>
Fair value of Plan assets at end of year	<u>50,290,000</u>	<u>46,944,000</u>
Net unfunded status at year-end	<u>\$ (7,315,000)</u>	<u>\$ (10,631,000)</u>

Amounts recognized in the consolidated balance sheet are included in current and noncurrent liabilities.

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

Net benefit expense for the years ended December 31 includes the following components:

	<u>2025</u>	<u>2024</u>
Components of net periodic benefit cost		
Service cost	\$ 953,000	\$ 981,000
Interest cost	2,989,000	2,842,000
Expected return on Plan assets	(2,755,000)	(2,736,000)
Recognized net actuarial loss	<u>-</u>	<u>650,000</u>
Total net periodic benefit cost	<u>1,187,000</u>	<u>1,737,000</u>
Changes in Plan assets and benefit obligations recognized in net assets without donor restrictions		
Net actuarial (loss) arising during the year	(376,000)	(4,655,000)
Amounts recognized as a component of net periodic benefit cost		
Amortization of loss	<u>(1,187,000)</u>	<u>(1,737,000)</u>
Total recognized in net assets without donor restrictions	<u>(1,563,000)</u>	<u>(6,392,000)</u>
Total recognized in net periodic benefit cost and net assets without donor restrictions	<u>\$ (376,000)</u>	<u>\$ (4,655,000)</u>

Additional information and assumptions are as follows:

	<u>2025</u>	<u>2024</u>
Assumptions		
Weighted-average assumptions used to determine benefit obligations at December 31		
Discount rate	5.2%	5.4%
Rate of compensation increase	N/A	N/A
Weighted-average assumptions used to determine net periodic benefit cost for years ended December 31		
Discount rate	5.4%	4.7%
Expected long-term rate of return on plan assets	6.0%	6.0%
Rate of compensation increase	N/A	N/A

The expected long-term rate of return on Plan assets was selected by MPTF based on investment return modeling, which incorporates historical returns and future expectations for returns for each asset class, as well as the target asset allocation of the pension portfolio. The compensation increase assumption for the Plan is no longer applicable, as compensation increases and service accruals were frozen as of February 28, 2014 and July 1, 2011 for represented and nonrepresented employees, respectively.

Notes to Consolidated Financial Statements

December 31, 2025 and 2024

Plan assets

The primary investment objective is to provide capital appreciation of the investment portfolio over long periods of time. The portfolio is perpetual in nature and is invested to withstand the loss of purchasing power from inflation.

The table below presents the Plan assets at fair value on a recurring basis at December 31, categorized by inputs used in the valuation of each investment:

	2025			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Other Significant Unobservable Inputs (Level 3)	
Plan Assets at Fair Value				
Cash equivalents	\$ 2,031,000	\$ -	\$ -	\$ 2,031,000
Mutual funds				
Domestic fixed income	6,348,000	-	-	6,348,000

Plan assets measured at NAV (practical expedient)				<u>18,688,000</u>
Total plan assets at fair value				<u>\$ 46,944,000</u>

Allocation of assets

The year-end asset allocation, which approximates the weighted-average allocation for the Plan assets at December 31 in comparison to the current investment policy established ranges for each category, is as follows:

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

Asset Category	2025	2024
Equity securities	40.7 %	39.2 %
Debt securities - fixed-income	16.7 %	17.5 %
Alternative investments ^(a)	42.6 %	43.3 %
	100.0 %	100.0 %

(a) The Alternatives investment policy range consists of the consolidated ranges for the Balance/Flexible, Private Real Estate, Commodities, Private Credit, and Private Equity asset classes, as reported in the Plan's investment policy statement.

Inappropriate investments, according to the Plan's investment policy, include options, futures and unregistered securities, and short sales or the use of margin. All investments are valued at the closing price reported on the active market on which the mutual funds are traded. As described in Note 2, MPTF uses a hierarchy to report invested assets, including the invested assets of the Plan.

MPTF expects to contribute \$2,268,000 to its pension plan in 2026.

Estimated future benefit payments

The following benefit payments, which reflect expected future service and compensation, as appropriate, are expected to be paid by MPTF:

	Expected Benefits
Year Ending December 31,	
2026	\$ 4,591,000
2027	4,556,000
2028	4,594,000
2029	4,538,000
2030	4,511,000
2031 - 2035	21,607,000

16. Supplemental Executive Retirement Plan

MPTF provides supplemental executive retirement plan (SERP) benefits to certain former executives. The SERP provides benefits which are not subject to regulatory controls requiring funding of the obligation, and consequently, the benefits are payable out of general corporate assets. The projected SERP benefit obligation assuming a 5.40% and 4.70% discount rate and a 0% annual compensation increase, was \$400,000 and \$401,000 at December 31, 2025 and 2024, respectively.

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

The following amounts were recognized, as shown in MPTF’s consolidated financial statements, at December 31:

	<u>2025</u>	<u>2024</u>
Benefit cost charged for the year	\$ (7,000)	\$ (9,000)
Accrued benefit cost recognized in accrued pension benefits on the consolidated balance sheets	\$ 400,000	\$ 401,000

Estimated future benefit payments

The following benefit payments, which reflect expected future service and compensation, as appropriate, are expected to be paid by MPTF:

	<u>Expected Benefits</u>
Year Ending December 31,	
2026	\$ 35,000
2027	35,000
2028	34,000
2029	34,000
2030	33,000
2031-2035	155,000

17. Commitments and Contingencies

MPTF is involved in various legal proceedings that are incidental to the conduct of its operations. In the opinion of management, based on the current facts and circumstances known by MPTF, the resolution of these matters will not have a material adverse effect on the financial position or results of operations of MPTF.

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations can be subject to future government review and interpretation, as well as regulatory actions unknown or unasserted at this time. These laws and regulations include, but are not limited to, accreditation, licensure, health care program participation requirements, government contracts and reimbursement for patient services.

In July 2025, the President signed the One Big Beautiful Bill Act (“OBBBA”) into law, which contained significant changes to Medicaid. The law requires states to establish work requirements, more frequent redeterminations, and cost sharing, among other modifications. These changes are expected to reduce enrollment in state Medicaid programs.

The Organization is also subject to risks and uncertainties arising from potential changes in federal health care policy, funding and budgetary adjustments affecting Medicaid programs. Cuts to Medicaid, including the elimination of the enhanced federal match rate for Expansion enrollees could result in significant coverage losses, particularly among low-income individuals, persons with disabilities, and those with chronic health conditions. In response to reduced federal funding, states may increase taxes or reduce funding for other essential programs. Potential policy changes under consideration include reductions in the federal Medicaid matching rate, implementation of work requirements, more frequent eligibility redeterminations leading to disenrollments, the adoption of per-capita caps on federal funding, and the elimination of provider taxes that help offset Medicaid

Motion Picture and Television Fund and Affiliated Entities
Notes to Consolidated Financial Statements
December 31, 2025 and 2024

costs. If enacted, such changes could compel states to reduce benefits, lower provider reimbursement rates, and increase financial performance. However, the timing, likelihood, and the specific impact of these policy changes remain uncertain.

18. Available Resources and Liquidity

The following reflects MPTF's financial assets as of the consolidated balance sheets date, reduced by amounts not available for general use within one year of the consolidated balance sheets date because of contractual or donor-imposed restrictions:

	<u>2025</u>	<u>2024</u>

Notes to Consolidated Financial Statements
December 31, 2025 and 2024

Management monitors and reviews MPTF's liquidity requirements with the Board and relevant committees of the Board during the annual budget process and periodically throughout the year. The General Fund investment policy is designed to ensure adequate liquidity to meet obligations of MPTF as they come due.
